Adjusting Exposure You can use the Spot Healing Brush to quickly adjust the exposure of an image. Simply open the image in Photoshop, click the Spot Healing Brush icon at the bottom of the Layers panel, and click the image. Photoshop then analyzes the image and offers you an adjustment you can perform on the image. (See Figure 9-3, image credit: Phoenix Firefighter/Dreamstime.com[®]). FIGURE 9-3: The Spot Healing Brush can be used to fix small spots of overexposure or underexposure in your images. Photoshop offers several different adjustment options. * **Auto Smart Fix:** The Auto Smart Fix tool finds similarly overexposed or underexposed areas and automatically adjusts the exposure. * **Brush:** You can use the Brush tool to manually adjust exposure. * **Levels:** This tool enables you to adjust the image's overall exposure by setting the brightness level. * **Auto Tone:** This tool adjusts the overall brightness level of the image to make the image brighter or darker. The following steps show you how to use these and other tools in Photoshop to adjust the exposure of an image. 1. **Open the image you want to work on.** 2. **In the Layers panel, click the icon with the exposure tools, as shown in Figure 9-3, image credit: Phoenix Firefighter/Dreamstime.com[®].)** The tools open in the Colors panel, as shown in Figure 9-4. 3. **Click the Spot Healing Brush tool in the tools palette and then click the image area.** A tool window opens showing the Spot Healing Brush; the Adjustment panel opens showing the Spot Healing Brush icon.

Bill Cosby Allegations New York Times- Report Our sources confirm that the New York Times is conducting a lengthy investigation into Bill Cosby. You may recall last year the New York Times was digging into the Bernie Madoff fraud. They won't get away with anything. Bill Cosby Allegations New York Times- Report was last modified: December 2nd, 2017 by admin Bill Cosby Allegations New York Times- Report The New York Times and New York Magazine have released details of their reports on comedian and actor Bill Cosby. Last week The NY Times ran an article outlining the details of 21 accusations of sexual misconduct against Bill Cosby. The article revealed new victims and corroboration of earlier accusations. The article is the part of a long investigation to be sure. In the NY Magazine article released today, there was extensive discussion of emails and documents dating back to the 1980's. The NY Times had last week went on record regarding their sources stating they have several women who have been in direct communication with the NY Times. Others have told us that they've been contacted by the NY Times regarding allegations against Cosby in the past. Another key source pointed to an email communication between Cosby and one of the founders of The NYT Magazine who is also a long time friend of Cosby. I spoke with the source who saw the email, and they confirmed that it was legitimate, and that the NY Times had it. The source also stated that the NY Times has had direct and continuous access to Cosby for years. They say he has been open with them about his past, and that they are in direct communications with him. The source doesn't hold any bias towards Cosby and says he is an incredible comedian and friend. Until a few days ago, even after the NY Times exposed Bill Cosby last week, some people in the media were calling the accusations on Cosby to be "old news". Unfortunately for those people, today it became clear even The NY Times ran into several new accusers and corroboration of previous accusations. This source tells us, in this "rotten to the core rotten" era of #MeToo, the NY Times took action by launching a long investigation into Bill Cosby, and found multiple accusers and corroboration of past claims. Are These the Best Stocks to Buy? Markets are struggling today, so it's a great time to take out a piece of your portfolio and buy a little. You might be worried about the election, but the markets aren't all that invested in any one candidate. They are trying to ensure that nothing happens that would throw the global economic engine into a tailspin. Right now, they are trying to determine how much to prop up all the mortgage companies that are in trouble. Who knows how that will play out? But that is why markets have to be a little bit wary at the moment. They always have to be. And now, they have to worry about what the intervention of the Chinese government will mean.
